

November 14th, 2022

To: Mayor Paine and City Clerk Ramos

From: Councilor Warren Bender

For the past several years I have had many medical problems, both physical and mental. Effective at 8AM tomorrow, Tuesday, November 15th, I will be resigning from my position on the Superior City Council so I can seek the help I so desperately need.

I want to thank all who have supported me for the last 15 years including my family and friends, Mayor Paine, Department Heads, and my fellow councilors both past and present. I also thank many other city employees who have touched my heart in so many positive ways.

Finally, to those who have been negatively affected by my inadvertent actions, I accept responsibility, and I emphatically apologize. Again, I will be seeking the proper help that I need in a sincere effort to remain a respected and proactive citizen of Superior, WI. Thank you very much.

Sincerely,
